

KING CONSERVATION DISTRICT FUNDING INVESTED IN THE TOWN OF HUNTS POINT

GRANT AWARDS—King Conservation District awards grants to local governments, nonprofit organizations, tribes, and other agencies to improve natural resources and increase regional conservation. District funds for projects listed below were collected from an annual, per-parcel assessment or rate and charge for projects in partnership with Member Jurisdictions and/or the three watershed forums. These monies support high-impact projects in both urban and rural areas and are often matched with funding from state, federal, and other sources. For more information on these projects or about the grant programs, please contact Jessica Saavedra at 425-282-1906 or e-mail Jessica.Saavedra@kingcd.org. Visit our website at www.kingcd.org and find us on Facebook.

SERVICES—In addition to the conservation services and cost share awards listed below, the District also provides services to cities and residents in the areas of shoreline restoration, urban agriculture and urban forestry. Future publication of this document will include more information about these services.

King Conservation District Funded Member Jurisdiction Grants in the Town of Hunts Point

In 2012, the District awarded a joint grant to the Towns of Hunts and Yarrow Point for \$13,656. \$4,299 of the grant award is funded with assessments from the Town of Hunts Point for invasive plant removal and native plantings in Weatherill Nature Preserve (photo right). Weatherill Nature Preserve is a 16 acre preserve and was developed with the intention to preserve native flora and fauna by limiting public access to the water and minimizing development in the area. The preserve falls under the jurisdiction of both Towns. With the help of the Friends of the Cedar River Watershed, the Towns will foster community-supported invasive plant removal in areas with the highest biodiversity to reestablish native habitat areas. They hope to weed existing native planting areas in four acres around the 33rd Street Entrance as well as plant an additional 100 native trees and shrubs and apply mulch. \$9,357 of the grant award is for work in Morningside Park.

King Conservation District Funded WRIA 8 Grants in the Town of Hunts Point

District-WRIA grants have not been awarded in this town

Conservation Services

The District provides services to landowners, cities and other organizations. Examples of District-contracted services includes project management and design, engineering, native bare root plants, and fresh water and marine riparian and wetland enhancement projects. For more information about conservation services, please contact Brandy Reed by at 425-282-1924 or Brandy.Reed@kingcd.org.

- Conservation services have not been provided in this area

Landowner Incentive Program (LIP) Cost-Share Awards

The District supports conservation practices on private property by providing financial support to landowners who purchase and install mechanisms that promote conservation. Landowner expenses associated with pre-approved conservation practices are matched with LIP cost-share funding at a ratio of 50 to 90 percent of the total cost of projects. For more information please visit our web page at www.kingcd.org/programs-landowner-incentive.htm or contact Rachel Konrady at 425-282-1907 or Rachel.Konrady@kingcd.org.

- Cost-share has not been awarded to landowners in this area
