

KING CONSERVATION DISTRICT FUNDING INVESTED IN THE CITY OF CARNATION

GRANT AWARDS KCD awards grants to local governments, nonprofit organizations, tribes, and other agencies to improve natural resources and increase regional conservation. KCD funds for projects listed below were collected from an annual, per-parcel assessment or rate and charge for projects in partnership with Member Jurisdictions and/or the three watershed forums. These monies support high-impact projects in both urban and rural areas and often leverage funding from state, federal, and other sources. For more information on these projects or about the grant programs, please contact Jessica Saavedra at 425-282-1906 or e-mail Jessica.Saavedra@kingcd.org.

SERVICES In addition to the conservation services and cost share awards listed below, KCD also provides services to cities and residents in shoreline restoration, community agriculture and urban forestry.

KCD—Carnation Member Jurisdiction Grants Awarded

Year	Project	Funds Awarded
2013	Snoqualmie Tribe, Tolt MacDonald Park Riparian Habitat Restoration Project	\$10,997.12

Tolt-MacDonald Park Restoration

The Snoqualmie Indian Tribe has been in the Snoqualmie Valley since time immemorial. The area where the Tolt and Snoqualmie rivers meet is significant to the Tribe as the place where one of our largest longhouses stood. This longhouse provided a stronghold where we held large gatherings for important meetings and learning.

It is part of our teachings to care for and protect our lands. We carry that work on today, in part by taking on habitat restoration projects like the one you see here at Tolt-MacDonald Park. The removal of non-native invasive plants and the reestablishment of native riparian forest vegetation will ensure healthy streamside and floodplain habitat. This work is crucial to sustain salmon and trout populations in the Tolt and Snoqualmie Rivers.
